MENTOR REDFORD PLANNING MEETING

“Be the change you wish to see in Redford”

Redford, MI - Thursday, April 25, 2013

Join a new program dedicated to helping kids in our community. Are you ready to be a part of the solution?

Jennifer Kurland, a Vice President of the Redford Jaycees is starting a mentorship program for Redford Township students. “Our students need leaders in the community to change their world. Come and find out if you have what it takes to be a mentor.”

This initial planning meeting is to find members of the community willing to be mentors and form a Board of Directors for this new organization. Mentors will be asked to serve for one full school year as a mentor/tutor for 1 student. Each mentor will be subject to background checks and personality tests to ensure safe and proper pairing with students. Participating students will be asked for parental permission in order to participate in the program. The Board of Directors will be in charge of pairing mentors and mentees as well as handling any other decisions needed to run the program. Ms. Kurland has a goal of 15 pairings to start the program, and a 5 person Board.

The meeting will take place at the Redford Township District Library on Tuesday, April 30, 2013 at 6:30 pm in Conference Room A. Coffee and snacks will be provided.
